PREFACE

Scope

The Principle objective of the Kenya National Bibliography (KNB) is to accurately and comprehensively record the bibliographic data of all books, research reports, conference proceedings, pamphlets, maps, current serial titles (including annual reports, year books, biennials, etc.) selected audio-visual and other non-print materials on first appearance and subsequent name/title change, etc., published in Kenya. Foreign publications of relevance to Kenya, by subject or otherwise, and foreign works by Kenyan nationals are also included. Asterisks (*) appear against all foreign imprint materials in the main Classified Subject Sequence.

Brochures, routine government publications (parliamentary bills, amendments of bills, parliamentary debates, individual acts, etc.), programmes, advertising matter/trade literature, and other ephemeral materials are not included.

Publications produced locally by international, intergovernmental and private organisations (United Nations Environment Programme, International Livestock Research Institute, United Nations Centre for Human Settlements, etc.) based in Kenya are not included in the KNB, except for materials by these agencies with significant Kenyan subject contents. However, all publications with Kenyan imprint emanating from regional organisations (African Development Bank, East African Wildlife Society, African Medical Research Foundation, etc.) based in Kenya are included in the Bibliography, New serial titles and name/title changes or current periodicals are also included in the KNB.

The KNB basically lists Kenya's imprint and foreign "Kenyana" materials produced in any one year. Publications missed in the KNB are recorded in the subsequent edition.

Bibliographic data used in the compilation of the KNB is based on the legal deposit publications received at the Kenya National Library Service under the Books and Newspapers Act-Miscellaneous Amendments No. 22 of 1987. Government publications and other items acquired through purchase, exchange or as donations/gifts for the Kenyan collection (Kenyana) of the Kenya National Library Service, also supplement the legal deposit materials in the compilation of the KNB.

The 1999 KNB covers 400 publications published in Kenya in the year 1999. This shows a remarkable reduction of publications in KNB. This reduction has been caused by several factors among them failure by publishers to deposit books in accordance with the Books and Newspapers Act cap 111 Statute Law. Miscellaneous Amendments No.22 of 1987.

Frequency

The current KNB is an annual publication.

Arrangement

The bibliography consists of the Classified Subject Sequence of main entries, and an alphabetical Author & Title Index which provides multiple access points to the main entries via title, as well as names of personal and corporate authors, joint authors, translators, editors, compilers, and illustrators. Series are also listed in the alphabetical index. There is no alphabetical subject index. Subject access is via the summary of the Dewey Decimal Classification, 21st ed (the 100 divisions) given in the preliminaries of the KNB.

The number in square brackets at the bottom right hand corner of the entry in the main Classified Subject Sequence (e.g. (KE99-162)) is the publication's serial number in the KNB. This is the Kenya National Bibliography number. KE is the country code for Kenya: 99 shows that the publication appears in the 1999 KNB annual and 162 is the serial number given to this item in the bibliography.

Cataloguing practices

Entries in the main classified Subject Sequence are catalogued according to the requirements of the Anglo-American Cataloguing Rules. 2nd ed 1998. The descriptive format follows the International Standard Bibliographic Description (ISBD).
The Author & Title index is filed according to ALA Rules for Catalogue Cards. 2nd Edition.

Classification scheme

The KNB main Classified Subject Sequence entries are arranged according to the Dewey Decimal Classification (DDC). 21st edition. Parts of DDC literal number (Class 800) are slightly modified in order to accommodate fiction in indigenous languages. Extensions in the form of abbreviated names of local languages appear in the DDC notations. For example, 896.3923 KIS means fiction in Kiswahili.

We are grateful to a large number of friends in the publishing industry and colleagues who have assisted in the publication of this bibliography from planning through to production. Foremost among them is the entire staff of National Library Division who worked tirelessly to ensure that this Bibliography is published. We also wish to acknowledge the support we have continued to receive from the Attorney General’s chambers in enforcement of the Books and News papers Act cap 111 Statute Law, miscellaneous Amendments No. of 1987. Special thanks also go to the KNLS Board members for their ideas, moral support and valuable critical comments. We are indebted to the Attorney General’s Office, the Kenya Publishers Association and individual publishers for their contribution in this endeavour. Our special thanks also extend to all publishers who have been very cooperative and have continued to deposit their publications on time. It is through their cooperation that we have managed to come up with this KNB. Finally I wish to appeal to other publishers who have not been able to deposit their publications to do so, this will enable us compile future bibliographies that show a clear and comprehensive picture of our national imprint
