PREFACE

Scope

The Principle objective of the *Kenya National Bibliography (KNB)* is to accurately and comprehensively record the bibliographic data of all books, research reports, conference proceedings, pamphlets, maps, current serial titles (including annual reports, year books, biennials, etc.) selected audio-visual and other non-print materials on first appearance and subsequent name/title change, etc., published in Kenya. Foreign publications of relevance to Kenya, by subject or otherwise, and foreign works by Kenyan nationals are also included Asterisks (*) appear against all foreign imprint materials in the main Classified Subject Sequence.

Brochures, routine government publications (parliamentary bills, amendments of bills, parliamentary debates, individual acts, etc.), programmes, advertising matter/trade literature, and other ephemeral materials are not included.

Publications produced locally by international, intergovernmental and private organisations (United Nations Environment Programme, International Livestock Research Institute, United Nations Centre for Human Settlements, etc.) based in Kenya are not included in the KNB, except for materials by these agencies with significant Kenyan subject contents. However, all publications with Kenyan imprint emanating from regional organisations (African Development Bank, East African Wildlife Society, African Medical Research Foundation etc.) based in Kenya are included in the Bibliography. New serial titles and name/title changes or current periodicals are also included in the KNB.

The KNB basically lists Kenya's imprint and foreign "Kenyan" materials produced in any one year. Publications missed in the KNB are recorded in the subsequent edition.

Bibliographic data used in the compilation of the KNB is based on the legal deposit publications received at the Kenya National Library Service under the Books and Newspapers Act-Miscellaneous Amendments No. 22 of 1987. Government publications and other items acquired through purchase, exchange or as donations/gifts for the Kenyan collection (Kenyan) of the Kenya National Library Service, also supplement the legal deposit materials in the compilation of the KNB

The 2002 KNB covers 462 publications published in Kenya in the year 2002.

Frequency

The current KNB is an annual publication.

Arrangement

The bibliography consists of the Classified Subject Sequence of main entries, and an alphabetical Author & Title Index which provides multiple access points to the main entries via title, as well as names of personal and corporate authors, joint authors, translators, editors, compilers, and illustrators Series are also listed in the alphabetical index. There is no alphabetical subject index. Subject access is via the summary of the *Dewey Decimal Classification*, 21st ed. (the 100 divisions) given in the preliminaries of the KNB

The number in square brackets at the bottom right hand corner of the entry in the main Classified Subject Sequence (e.g. [KE2002-192]) is the publication's serial number in the KNB. This is the *Kenya National Bibliography* number KE is the country code for Kenya; 2002 shows that the publication appears in the 2002 KNB annual and 192 is the serial number given to this item in the bibliography

Cataloguing practices

Entries in the main classified Subject Sequence are catalogued according to the requirements of the Anglo-American Cataloguing Rules, 2nd ed. 1998 The descriptive format follows the International Standard Bibliographic Description (ISBD).

Filing

The Author & Title index is filed according to ALA Rules for Catalogue Cards, 2nd Edition, 1968.

Classification scheme

The KNB main Classified Subject Sequence entries are arranged according to the *Dewey Decimal Classification (DDC)*, 21 st edition. Parts of DDC literature number (Class 800) are slightly modified in order to accommodate fiction in indigenous languages. Extensions in the form of abbreviated names of local languages appear in the DDC notations. For example, **896.3923 KIS** means fiction in Kiswahili.
