Introduction

This charter sets down what KNLS is and what it does, and its commitment to provide the Kenyan communities with the highest quality and accessible services that the available resources will allow. Kenya National Library Service (KNLS) Board is a corporate body of the Kenya government that was established by an Act of Parliament Cap 225 of the Laws of Kenya (1965) to provide library and information services to the Kenyan public.

We in KNLS recognize that information is a basic commodity in everyone's life, and we want to make sure that the services we provide are responsive to your needs and will translate to both individual and community empowerment. We want to provide these services to your satisfaction and take pride in the contribution that we will have made to your individual and national development, general well being, and to the economic growth of Kenya. This charter serves as a commitment that KNLS intends to live up to its mandate.

Our Mandate

The KNLS Board is mandated by the Act to: Promote, establish, equip, manage, maintain and develop libraries in Kenya

Our core values

In all our dealings with you, we will be:

Passionate
Innovative
Customer Focused
Knowledge driven

Our core functions

KNLS is a public institution providing library and information services to all the peoples of Kenya. This endeavor is guided by the following core functions:

- To promote, establish, equip, manage and maintain the National and Public libraries services in Kenya;
- To maintain the National Bibliographic Control through publication of the Kenya National Bibliography and Kenya Periodicals Directory and provision of national reference services;
- To promote information literacy and reading among Kenyans;
- To enhance stakeholders participation for equitable development of libraries throughout the country;
- To advise the Government, local authorities and other public bodies on all matters relating to library, documentation and related services.

Our services to you

Our services are aimed at helping people make informed decisions affecting their lives and their community and therefore contribute positively to national development. In its service provision, KNLS plays a dual- role of 1) Public library and 2) National library of Kenya. The public library services are available in all our branches nationwide, while the national library services are available at the headquarters in Nairobi.

Through the public library, we provide the community with a wide range of services including:

- Adult and junior lending
- Advisory library services
- Bulk lending of books to learning institutions (this is however limited to availability of stock)
- Technical assistance on library development to interested government and private institutions
- Internet service in some of our libraries
- Inter-library lending
- HIV & AIDS information to encourage openness and reduce vulnerability
- Services to the visually impaired persons
- User education
- Field practicum opportunities to those studying library and information studies

Through the National Library of Kenya we:

- Preserve the national imprint through the collection and safe custody of legal deposits on Kenyan publications
- Produce the Kenya National Bibliography, which is a list of the books published in Kenya or about Kenya in any given year
- Issue the International Standard Book Number (ISBN) to Kenyan Publishers
- Provide reference and referral services
- Provide online databases to researchers and other interested parties
- Facilitate international interlibrary lending
- Stocks for use by the public, specialized collections as well as government publications like the constitution review materials, Laws of Kenya, Kenya Gazettes and bound copies of past newspapers
- Acts as a depository library for World Bank, United Nations and International Labour Organization

Outreach services

- Camel library service in Garissa Library
- Donkey library service in Nylilima Library, Bondo District
- Book box service to schools

- Traveling libraries / mobile library vans in some KNLS provincial and district libraries
- Services to visually impaired persons
- Service to prisons

Most of our services are provided for the benefit of the general community, and are considerably funded by government in public interest. However, the services bear affordable charges to cover the costs of their administration, maintenance and delivery.

- Tell us about the difficulties you are experiencing, understanding that at crucial times such as when the library usage is beyond capacity, our staff, services and systems may be under great pressure.

Complaint mechanism

If you are unhappy with our services, you can tell us using the following ways:

We also ask that you understand that KNLS is funded by the government and that the services you receive depend on the equitable distribution of the available resources to all the KNLS branches.
